UNABLE TO PROTECT.

Another Chinese Governor Overrid-  
den in His District.

WARNS FOREIGNERS.

He Has Served Notice on the Consuls  
He Cannot Longer Protect Them.  
Missionaries Make an Appeal  
for American Warship.

New York, July 26.—Special to the  
Journal and Advertiser from Hong  
Kong says:

Consul General Wildman has been in-  
formed that the Chinese governor of the  
island of Pai Nan has served notice to  
the consuls he is unable to protect for-  
eigners any longer. American mission-  
aries have appealed to Consul Wildman  
to send a warship to Hoi How to bring  
away the foreigners. It is believed  
three men, three women and three  
children, belonging to the American  
Presbyterian board of missions at Nodoo  
Hai Nan, have been murdered by Chi-  
nese imperial troops. Last news from  
there, dated, July 12, at which time  
they repelled the attack of the boxers.  
Hong Kong is full of refugees. An  
outbreak is expected on West river.

BEGIN TO DOUBT.

It Is Intimated That the Message from  
Conger Was Redated.

Washington, July 26.—The receipt at  
Tien Tsin of an undoubtedly genuine  
and autographic message from Minister  
Conger has done nothing to dispel the  
doubt as to the situation at Pekin. The  
message, which was forwarded by the  
naval officers at Tien Tsin, Taku and  
Che Foo, has indeed served only to  
deepen the darkest and saddest mystery  
of the century.

The official conclusion remains un-  
changed, but it is admitted that a care-  
ful scrutiny of the autograph message in  
comparison with the famous cipher mes-  
sage from Minister Conger admits of the  
belief that the two messages were  
indited by Mr. Conger at about the same  
time. The situation at the British lega-  
tion is represented to be the same in  
each case, and as Mr. Conger declares  
that relief must come quickly, if at all,  
there is ground for the supposition that  
conditions could not have long remain-  
ed unchanged in such a crisis. The as-  
sumption that this reasoning is correct,  
involves the further conclusion that Mr.  
Conger's cipher message, if genuine,  
was redated, as the 18th of July, two  
weeks later than the date of the actual  
writing, and of course if redated at all,  
that was done by Chinese officials.

On the other hand, and in support of  
the state department's position, comes a  
message from another great Chinese  
viceroi, Tak, at Canton, he took charge  
after Li Hung Chang's departure. This  
also affirmed solemnly the safety of the  
legationers and coming from so many  
different sources, and from such im-  
portant Chinese officials, that these dis-  
patches claim attention. A pessimistic  
view of them, however, attributes to all  
a common origin, namely, some high  
Chinese personage at Pekin. It is noted  
that Tak's assurance brings the minis-  
ters one day further toward an ultimate  
rescue than has any preceding message.  
The fact that it allows only three days  
to cover the transmission over the great  
distance between Pekin and Canton ap-  
pears to demand an explanation.

In spite of the alarm with which the  
Chinese officials, including Li Hung  
Chang, profess to view the advance of  
the allied forces on Pekin, so far as it  
affects the safety of the foreign minis-  
ters, it may be stated that none of the  
powers evinced any tendency to abate  
their preparations to accept an escort of  
imperial troops for the ministers from  
Pekin to Tien Tsin. It was said at the  
state department Wednesday that if the  
American minister needs an escort out  
of Pekin it should be composed of Ameri-  
can soldiers.

A discussion of the authority of the  
dispatch from Minister Conger dated at  
Pekin on the July 18 developed the fact  
that several years ago a copy of the state  
department cipher code disappeared, and  
never has been recovered. These code  
books are numbered and receipted for  
when placed in the hands of those enti-  
tled to them. The intimation was given  
that missing code book fell into the  
hands of the Chinese government. This  
information was calculated to inspire a  
doubt of the authority of the Conger  
message.

State department officials decline to  
discuss the story of the theft of the code  
book, but do enter a denial that they  
ever entertained a suspicion that it had  
fallen into the hands of the Chinese gov-  
ernment.

It is known that several years ago a  
copy of the old state department cipher,  
which since has been changed, was  
stolen. A copy of this, the authorities  
have strong reason to believe, found its

way into the possession of another gov-  
ernment—not the Chinese. This old code  
has been out of general use for many  
years, but Minister Conger is one of the  
few officials who has been using it. He  
does not employ the new code.

CONCENTRATING TROOPS.

Gathering at San Francisco Awaiting  
Transportation to China.

San Francisco, July 26.—San Fran-  
cisco is now a point of concentration for

troops gathered together from all over  
the United States for duty in the orient.  
At military headquarters everybody is  
working under a heavy pressure.

Battery D, of the Third heavy artillery  
has arrived and encamped with batteries  
A, I and O, bringing the battalion to its  
full strength. The four batteries will  
sail with the Fourth cavalry on the  
Hancock July 28, for China.

This morning troop H of the Ninth  
cavalry (colored) came in. This com-  
pletes the concentration of the regiment  
here.

The three companies, A, C and D,  
Eighteenth infantry, which are just  
back from Manila, will remain at the  
Presidio and not go to Montana as was  
expected.

Recruits are coming in at about the  
rate of 75 a day from all parts of the  
union.

Sixteen bodies of soldiers from the  
Philippines were buried Tuesday in the  
national cemetery.

Nothing from China.

Washington, July 26.—Notwithstand-  
ing the signs of activity, the state de-  
partment had nothing this morning  
of interest touching the Chinese situa-  
tion. The navy department sent over a  
copy of the dispatch received from Ad-  
miral Remey making some changes in  
the marine body, and Minister Wu came  
down and asked for a half hour with  
Acting Secretary Hill, but declared he  
had nothing from home, though he was  
confident of important developments in  
the immediate future.

American Troops Reach Taku.

Shanghai, July 26.—Three thousand  
American troops have arrived at Taku  
as well as eight transports filled with  
British troops. Both detachments are  
deficient in artillery.

A cable steamer has started to lay a  
cable from Wei Hai Wei to Che Foo and  
Taku.

Marines Did No Looting.

Washington, July 26.—The navy de-  
partment has received the following  
cablegram from Admiral Remey:

"Taku, July 24, via Che Eoo, July  
25.—Colonel Meade is confined to the  
Marine hospital with rheumatism. Maj.  
Waller succeeds to the command of the  
first regiment. My obtainable informa-  
tion clears the marines of any imputa-  
tion of burning houses or looting in Tien  
Tsin."

Ready to Fight China.

Phoenix, Ariz., July 26.—In case of  
trouble in China Arizona can furnish, if  
necessary, eight companies complete  
in a few hours' notice and the greater  
portion of her three troops of rough  
riders would again volunteer. Prepar-  
ations are being made to fit a force out in  
quick time.

French Missionaries Killed.

Paris, July 26.—The French consul at  
Shanghai telegraphs that five French  
missionaries have been killed by boxers  
in the Manchurian district.

Violated Antitrust Law.

Chattanooga, July 26.—Judge Clark  
of the United States district court, im-  
posed a joint fine of \$1800 on six pipe  
companies which pleaded guilty to vio-  
lation of the antitrust law. The com-  
panies are the Chattanooga Foundry and  
Pipe company, Addyston Pipe and Steel  
company, of Cincinnati, Dennis Long  
and company, works, Louisville, Howard  
Harrison Iron company, Bessemer, Ala.,  
Anniston Pipe and Foundry company,  
Anniston, Ala., and South Pittsburg  
Pipe Works, South Pittsburg, Tenn.

Eagle Seizes a Child.

Sheboygan, Wis., July 26.—An eagle,  
measuring 6 feet 1 1/2 inches from tip to  
tip of wings, was killed by T. Smith, a  
farmer, living in the town of Sheboygan  
Falls. While at work he saw the great  
bird fly close to his children and clasp  
his daughter Mary, aged 3 years. The  
man secured a rifle and shot the eagle.  
The child and bird fell to the ground,  
the child was not seriously injured.

Aguinaldo Believed Dead.

Wichita, Kas., July 26.—Sergeant Ed  
Jackson, of the Thirty-third volunteer  
infantry, writing to his father from the  
Philippines says the soldiers there gen-  
erally believe that Aguinaldo is dead.  
A body has been found corresponding  
exactly with the description of the in-  
surgent leader.

Revolution Over in Columbia.

Washington, July 26.—The state de-  
partment has just received a dispatch  
from Consul General Gudgeon, at Panama,  
announcing the collapse of the revolu-  
tionary movement there. He states the  
Liberals unexpectedly surrendered and  
quiet now prevails in Panama.

Quarrel Ends Fatally.

a shooting scrape in Meade county, have  
just been received here. For some time  
past cattlemen in Meade county have

been losing cattle, and it was their idea  
that there was an organized band of cat-  
tle thieves. They set about to catch  
them, and succeeded in getting four of  
them. When they were brought to  
Meade the prisoners heard that Jess  
Lanham had given them away. Lanham  
had been chumming around with the  
boys and had enough testimony to con-  
vict them. The four men stirred up a  
row with Lanham, and during the con-  
troversy Lanham shot Jim Gillock  
through the body. As Gillock fell Lan-  
am shot him again through the head  
and killed him. Lanham has been ar-

### GOLD DEMOCRATS.

The National Committee Fills Vacancies  
Caused by Resignations.

Indianapolis, July 26.—At the busi-  
ness meeting of the national committee  
of Gold Democrats today Charles  
Tracey of New York was elected chair-  
man to succeed George Foster Peabody  
of New York, who resigned on account  
of ill health. It was decided to estab-  
lish headquarters in Indianapolis and  
committee announced that it will carry  
on a vigorous campaign in the of "sound  
money." The new chairman was au-  
thorized to fill the vacancy on the exe-  
cutive committee caused by the resigna-  
tion of W. B. Halden of Louisville  
and also the vacancy on the national  
committee by the resignation of Louis  
R. Ehrlich of Colorado.

The gold Democratic committee ad-  
journaled in the afternoon subject to call  
of the chairman, after disposing of some  
routine business.

No presidential ticket will be put out  
unless a decided change is made.

### PLENARY POWERS.

Populist Committee Can Put Stevenson  
on the Ticket.

Lincoln, Neb., July 26.—Sergeant-at-  
arms Edgerton, of the Populist national  
committee, says he wishes to correct the  
misapprehension on the action taken by  
the Sioux Falls convention.

"There seems to be an impression,"  
he said, "that the resolution adopted at  
Sioux Falls instructing the national  
committee in case of a vacancy on the  
ticket to fill the place with a Populist.  
That is a mistake. The resolution adopt-  
ed, as shown by notes in my possession,  
gives the committee plenary powers. It  
need not select another Populist can-  
didate if Towne withdraws."

"Then if Towne does withdraw, can  
not the committee put Stevenson on the  
ticket?" Edgerton was asked.

"If it wants to," was the reply.  
Edgerton declined to discuss the  
chances of the withdrawal of Towne.

### Tragedy in a Kansas Saloon.

Galena, Kas., July 26.—Charles Payne,  
a cab driver at this place, was instantly  
killed in George Pulley's saloon by Jack  
Sanders. Sanders was standing leaning  
against the west end of the bar when  
Payne started toward him. Sanders  
immediately pulled his gun and fired,  
the ball entering Payne's mouth and  
coming out at the back of his head. He  
did not speak a word but fell forward  
on his face, dead. Sanders then finished  
emptying his revolver into the back of  
his dead body. Any one of the shots  
would have proved fatal.

The shots were in such quick succe-  
sion that the bystanders could not count  
them, and, as scarcely a word was ex-  
changed between them, no person was  
looking for any trouble whatever. Both  
men seemed perfectly cool, and after the  
shooting Sanders walked out, saluted  
the crowd with his hand and said:  
"Good-by boys." He walked down the  
Erisco track and so far has made his  
escape.

disease has made its appearance among  
the families of stockmen of that section,  
and that several persons have died from

These are the first instances known

and much alarm is felt over the situation  
and the possible spread of the epidemic.

### REED RE-ELECTED

Grand Recorder of the A. O. U. W. of Texas.

The Eagle has received information from Temple that Major Joe P. Reed of this city was re-elected grand recorder of the A. O. U. W. Grand Lodge of Texas on the first ballot, and that the office of grand recorder will remain located in Bryan provided a vault for the records is built. Of course this will be done, the only question being who will take the matter up and furnish the vault for which liberal rent will be paid.

The Eagle congratulates Major Reed on the endorsement his energetic and efficient work has received in his re-election. No man in the state is better fitted for the duties of the office than Major Reed, and it would have been a great mistake to make a change at a time when his enterprising methods are adding to membership and increasing the general efficiency of the office. He has thoroughly familiarized himself with the work and greater results may be expected in the future from his efforts. The fact that a strong sentiment in the order favored moving the office to Dallas, shows as well as his re-election, that Major Reed is popular and influential with the order at large in the state.

#### A Correction.

In last week's issue of the Bryan Eagle there appeared the report of the committee appointed at the Brazos county singing convention to select and adopt a song book. The report stated that the books could be had for 40c single copy or \$4.00 per dozen prepaid, which was a mistake, the books are 40c single copy or \$4.80 per dozen prepaid. I make this correction for fear some choir may order a dozen and remit only \$4.00 and would get ten copies. Respectfully,

## NEGROES SHOT DOWN

The Work of a Desperate Mob in the City of New Orleans.

### ONE NEGRO KILLED.

Two Others Are Seriously Wounded and Twelve Men Fatally Hurt.

It Was Revenge for the Killing of Policemen.

New Orleans, July 26.—A negro dead, two fatally shot and 12 seriously wounded is the known result of a mob's desperate work in this city last night. Three of the wounded are white men who were hit by stray bullets. Public feeling has reached its highest tension and armed mobs are searching various parts of the city in an effort to apprehend Robert Charles, the negro who shot and killed Police Captain Day and Patrolman Lamb at an early hour Tuesday morning.

A mob composed of several thousand persons formed at Lee Circle and marched on St. Charles avenue in a body. It was reported that the mob would march upon the parish prison and demand the negro Pierce, who was with Charles when the police officers were killed. The police accordingly sent a strong reinforcement to the prison, and when the mob made its appearance its leaders were told that an effort to secure the prisoner would be resisted to the bitter end. Wise counsel prevailed, and the members of the throng slowly dispersed. Small bands of men and boys were soon formed and scattered to several parts of the city. Many negroes who were on the streets and riding in cars were fired upon with more or less serious results.

The police board was in session when reports of the marching of the mobs were received, and an adjournment was promptly taken so that officers in attendance might hurry to the scene and put down the disorders. Not since the lynching of the Italians several years ago has there been such general excitement.

The funerals of Captain Day and Patrolman Lamb took place yesterday afternoon and served to intensify the feeling of their friends.

The body of the dead negro is in the morgue and half a dozen badly battered negro men and women are in the charity hospital. Among those wounded is a Pullman car porter who had just arrived on his run from Chicago. He was pulled from a street car and shot twice. His recovery is doubtful.

It is generally believed that the desperado Charles is in hiding in the home of some friendly negro. The greatest vigilance is being exercised to apprehend him and he will unquestionably be lynched if caught.

At midnight the mayor issued a proclamation commanding all good citizens to go to their homes.

It was rumored at 2 o'clock this morning that another negro had been killed.

### RIOT RAMPANT.

Volunteers Asked for and State Militia Called Out at New Orleans.

New Orleans, July 26.—All last night and up to half past 3 o'clock this morning mobs ran riot through the city on a hunt for negroes and those unfortunates who fell into their grasp were either killed or so badly wounded they were left for dead.

After the mobs got started the negroes became terrorized and took shelter in their homes and outhouses of white people who protected them so it was only unsuspecting and inoffensive negroes who were victims. Police were powerless, as fast as they apparently dispersed the crowds in one section it only reformed and moved to some other point to continue its devilish work.

The ostensible cause of the riot was the killing of Police Captain Day and Patrolman Lamb by the negroes Pierce and Charles. Pierce is in the parish prison, Charles is still at large.

A number of white people were shot by accident.

The mobs were composed almost entirely of boys under 21 years of age and had no leaders, but acted on common impulse.

The disturbances finally ceased about 5 o'clock this morning when a white baker, whose name is unknown, was shot in the leg while a crowd of rioters was chasing a number of negroes.

The mayor, police, and citizens are arranging to take precautions against a repetition of last night's scenes of disorder.

The latest reports show an unknown negro killed and three fatally wounded and 15 negroes and whites less seriously injured.

A delegation of citizens called on the mayor and asked him to either call out a posse of citizens or appeal to the governor to order out the militia. His honor immediately prepared a proclamation calling for 500 volunteer citizens to assist the police in preserving order.

The mayor communicated with Gov. Heard and the governor will call out the militia to preserve order in the city. Reports of beating negroes are still coming in. Business on the levee and at the big grocery and produce houses practically suspended, negro laborers being afraid to venture out.

### Murder and Suicide.

Eagle Lake, Tex., July 26.—A Mexican named Castro killed a negro woman, his paramour, by cutting her throat, and shot himself, dying instantly.

## BRONSON TESTIFIES.

Tells What He Knows of the Shooting of Governor Goebel.

Georgetown, Ky., July 26.—Walter Bronson, a Lexington attorney, who assisted in the arrest of Cabel Powers and John Davis at Lexington, was the first witness called in the Powers trial today. Powers and Davis were disguised as soldiers and both armed. The witness identified them to the police officers. After his forcible arrest Powers was taken to jail where a pardon was granted to him by Governor Taylor and \$1300 in money were found in his pockets. Deputy Sheriff Frank Rogers of Lexington also testified as to the arrest.

The pardon granted Powers by Gov. Taylor and attested by the defendant himself, was then exhibited to the jury. Walter Bronson on being recalled told of a conversation with Powers after the arrest in which Powers referring to the pardon said:

"I know this looks a little bad, but we were making our way to a place where the pardon would have been recognized."

### EPWORTH LEAGUE.

Real Work Begun by the Convention Now in Session at Atlanta.

Atlanta, July 26.—The real work of the Southern Epworth League convention began with the second session this morning. Many delegates have arrived. There was a "missionary exhibit" at the 8 o'clock session, Rev. H. Walter Featherston, D. D., of Mississippi being the principal speaker.

Devotional exercises one hour later was conducted by W. P. Dickens, D. D., of Alabama.

"League Conferences" was the general topic at the 9:30 meeting. Rev. W. L. Nelms of Texas, presented the subject and it was followed by half an hour's debate.

The executive committee appointed by the general league board has been named as a committee of reference for all motions and resolutions offered in conference. This committee will make reports to the conference and also to the general league board at the next annual session.

### Boers Attack French.

London, July 26.—General Roberts reports to the war office, under date of Balmoral, July 25, as follows: "We marched Tuesday without seeing the enemy. The Boers on July 24 engaged French and Hutton six miles south of Balmoral. While Anderson's mounted infantry attacked the Boers' right, French made a turning movement round to their left. Seeing their retreat threatened the Boers broke and fled. French and Hutton followed, and are preparing to cross the Oliphants river at Naauwpoort. Our casualties was one wounded."

### Reinforcing General Bravo.

Oaxaca, Mex., July 26.—A large force of government troops have been sent up the Hondo river on a fleet of small gunboats, and will make an effort to march through the Maya Indian country, in the state of Yucatan, and join the main forces of General Bravo, near Chan Santa Cruz, which is the principal stronghold of the rebels.

The Indians are working constantly on their defenses and their barriers are almost impregnable. Skirmishes between the rebels and the government troops occur daily, and the casualties on each side since the hostilities opened number several hundred.

### Killed by a Train.

Pekin, Ill., July 26.—Nick Hern, one of the leading carpenter contractors in Pekin, was killed by a Chicago, Peoria and St. Louis passenger train. Mr. Hern stepped upon the main track as the train passed the beet sugar factory and he was knocked fully 20 feet, death being instantaneous. He was 50 years of age.

### John Buell Found.
